Native Danish Speaker

Fluent English Speaker

Fluent German Speaker

I have more than 25 years' experience in sales, marketing, and financial management. Since joining Metro Service A/S, the company has operated with a solid profit. This solidity ensures the customers of our stability and invokes trust among our investors. This again allows us to run our business with a customer focus and make the necessary investments to develop as a knowledge centre for driverless metro systems. It also means that we are able to attract and retain the best qualified employees.

As Finance Director my primary focus is business development. I continuously seek to attract new business by ensuring that we provide the best value for our customers. Financial performance is equally important, and I work to optimise earnings with the resources available to us. I also emphasize risk mitigation, developing procedures and systems to avoid loss. Finally, I place great value on developing the resources of the Finance Department and providing exciting opportunities for the employees.

**Accreditations and Licenses**

Member of the Board for Togfunktionærernes enkepensionsfond
